CITIZENS' BOND OVERSIGHT COMMITTEE**

Annual Report on Measure A

January 1, 2019 to December 31, 2019

Salida Union School District's voters approved Measure A on November 6, 2018 for \$2.5 million, to support the School District in its work in providing modern, well-maintained educational facilities for the students of our community.

The first several months following Measure A's passing focused on planning efforts as District staff, working in collaboration with Teter Architects, developed the Facilities Master Plan and conducted detailed facility assessments. By January 2019, the Board of Education had approved a high-priority project list. In April 2019, the authorized bonds were sold for a total of \$2.5 million and projects were initiated based on the facility assessments and project list.

In June 2019, the Board of Education appointed members to the Citizens' Bond Oversight Committee. The Committee held its first meeting on July 10, 2019, where it elected officers and set its annual meeting schedule and anticipated agendas.

The primary duties of the Committee are to:

- Review bond expenditures to ensure that proceeds have been expended for the purposes set forth in Measure A
- Inform the public concerning the district's expenditures of bond proceeds
- Present to the district's governing board an annual report of the committee's proceedings and activities of the previous year
- Provide a statement indicating whether the district is in compliance with bond requirements

The Citizens' Bond Oversight Committee met three times on July 10, 2019, August 14, 2019 and October 9, 2019 to review Measure A activities. At these meetings, district and program management staff provided the Committee with written and oral reports and presentations, as well as the financial and performance reports.

Based on its review, the Committee has concluded that the District is in compliance with the requirements of Article XIII A, Section 1(b)(3) of the California Constitution.

The Measure A Citizens' Bond Oversight Committee thanks the community for their continued support.

Sincerely,

Scott Fike
